

SLIDING CUPBOARD DOORS

PER DOOR

FEATURES:

- Slimline aluminium extrusions pre-finished in clear anodised and powder coat white
- Reversible headguide - grooved face or flush face
- Bottom track snap-fixes to bottom fixing strip - no unsightly fixings
- Nylon roller with 10mm height adjustment
- Suits doors 15 to 18mm thick

IMPORTANT:

To ensure that the doors run smoothly Cowdroy highly recommend that the snap strip be fixed to a solid, level surface. As an alternative, you may fix the track directly to the bottom surface and disregard the use of the snap strip.

- P180** Packaged set for 2 doors - 1200mm opening
- P180** Packaged set for 3 doors - 1800mm opening
- TT180** Headguide channel 4880mm - white & clear anodised
- TT182** Double track 4880mm - white & clear anodised
- TT183** Snap strip 4880mm - mill finish

Maximum door height = 1200mm
 Opening height = door height + 22mm
 (for minimum gap)
 opening width / track length = No. of doors x door width less the overlaps
 e.g. 3 door opening, 600mm W doors with 20mm overlap
 = (3 x 600mm) - (2x20mm) = 1760mm
